

NZIFSA Funding Policy

Version 10.0 (7 June 2022)

1. Policy Aims and Considerations

This policy aims to set out the terms and amounts of funding which will be made available to those persons eligible under the Selection Policy or those appointed by the board to represent New Zealand at International events specified in this Policy

The purpose of funding is to achieve particular aims of the Association.

The maximum amount funded is subject to budgetary considerations and is likely to vary from year to year. Income, other expenditure, the number of athletes and officials representing New Zealand in a season, and the number of events attended will all impact the maximum funding that the NZIFSA will be able to provide.

All funding amounts are quoted as and shall be paid in NZ Dollars.

2. Travel and Reimbursement Policy Applies to All Funding

All funding provided for by this policy is also subject to the terms of the Travel and Reimbursement Policy (please refer to details of this policy before submitting a claim). Funding will only be paid once the event for which the funding allocation had been advised has been completed and proof of participation in the event provided.

3. Travel and Accommodation

Except where explicitly noted otherwise, funding is provided for reimbursement of approved travel and accommodation expenses only. Accommodation en-route will not be funded unless it is both an organised part of team travel and reduces the overall cost of travel.

Only economy class airfares will be funded.

4. Contributions for Coaches

Where funding is provided for coaches, funding will be provided for an athlete to take their New Zealand based primary coach. Where another coach is used, the maximum funding provided will be less.

Funding for a primary coach is provided for travel and accommodation for the time the skater/s is competing only.

Funding for a coach other than the athlete's/team's New Zealand based primary coach is provided for coaching fees only.

Parents/caregivers may not act as coaches unless they are Coach Members of the NZIFSA and have been the primary coach for their child for more than one year.

Where two or more athletes use the same coach, only one primary coach contribution will be provided.

5. Funding Season

The funding season is defined as approximately one year between New Zealand Nationals events. Within this document season always refers to funding season.

6. Funding is Maximum

All amounts shown are the maximum that may be reimbursed (subject to the Travel and Reimbursement Policy). Where a percentage is given, only that percentage of the total reimbursable expenses will be reimbursed (up to the maximum given).

7. Qualifying Bonuses

Events	Discipline	Criteria	Max Qualifying Bonus
Worlds / Junior Worlds	Singles, Pairs, Dance	Skater participates	<u>\$825 per skater</u>
